Lawyer Overview

Ashish is a partner at ARA LAW. Prior to joining ARA LAW, Ashish was a partner at Kanga & Co. for over 3 years.

He has an overall experience of 10 years with special focus in infrastructure, real estate, media & entertainment sector. He regularly advises clients on all facets of cross border Power Projects and Port Projects. He has represented several large property developers as well as investors in relation to construction and development projects throughout India.

His area of practice also encompasses advising domestic and international clients on various mergers & acquisitions, joint ventures, cross border investments, corporate restructuring and foreign inward investment related practice.

Credits

Ashish has appeared before various forums including the Securities Appellate Tribunal and High Courts of various states.

Experiences

He has also been advising both foreign companies entering India and Indian companies in their outbound acquisitions. In infrastructure sector his experience includes:

- advice on regulatory requirements, structuring and strategizing transactions relating to infrastructural projects, particularly power projects and port projects, advised on drafting and negotiating transaction documents, in particular
- advice clients investing in various stages and aspects of the process and related negotiations including assistance in preparation of qualification criteria, vetting and advising on the bid documents, (RFQ, RFP and instructions to bidders etc), evaluations of statements of qualifications received, drafting and negotiating in the contractual agreements (including the SPA, SHA and Financing Documents);
- dealing with diverse legal, policy and regulatory issues including regulatory strategy, tariff setting, contractual agreements and dispute resolutions connected with such projects, approvals arising in power projects in India, drafting the PPA, Fuel Supply Agreements, advising the promoters, investors, off takers and contractors in respect of various projects including captive projects, tariff related issues, etc.;
- advice on structuring of such transactions, drafting the concession(s), the state support agreements, handling issues related to land acquisition and related port project implementation issues.
